

**Workplace Tobacco Policy Survey Results
May- December 2000**

Lexington-Fayette County Health Department

The purpose of the survey was to assess the number and type of tobacco policies, as well as tobacco prevention education, in manufacturing companies located in the Lexington-Fayette County Health Department area. Results will be used to determine opportunities for workplace health promotion in this district.

In this district, 51 manufacturers participated in a telephone survey conducted by the Tobacco Prevention Coordinators in collaboration with the research staff at the University of Kentucky (73% participation rate). The mean number of employees was 166. On average, 67% of the employees were Caucasian, and 67% were male. The TOTAL column represents 437 manufacturing companies surveyed in 10 CDC-funded health department service areas.

Does your company have a written smoking policy?

	Lex-Fayette n=51	Total n=428
Yes	25 (49%)	296 (69%)
