

Online Tobacco Treatment Specialist (TTS) Training

<https://breathe.uky.edu/tobacco-treatment/tobacco-treatment-specialist-training>

Multiple Cohorts Offered Each Year!

The BREATHE Tobacco Treatment Specialist (TTS) training is designed to:

- Equip you with evidence-based skills to treat tobacco dependence across a range of settings.
- Provides 27 hours of self-paced training using the Canvas online platform.

Upon completion participants are eligible to apply for the Certified Professional by the American Heart Association (CPAHA) – Tobacco Treatment

Who Should Enroll?

Healthcare, Mental Health and Public Health professionals; Educators, Students, Researchers, and others interested in tobacco control, tobacco dependence treatment, and tobacco prevention services.

Our participants include nurses, clinicians, pharmacists, social workers, health educators, respiratory therapists, substance use counselors, community health workers and other related fields.

Learn more about our educational requirements and sign up today by visiting our website.

Cost: \$900

[Register online](#); Payable by check or credit card
